## RECEIVES CREDENCE

ST. PETERSBURG BELIEVES REPORT THAT JAPS ARE PRESSING PORT ARTHUR.

## FORTRESS MUST BE TAKEN

GENERAL ASSAULT MAY PROVE ONE OF COSTLIEST OPERATIONS IN HISTORY.

St. Petersburg, Nov. 26.—There is an entire lack of news from the front. The report that the Japanese are concentrating their energies for a desperate assault on Port Arthur in view of the approach of the Baltic squadron is quite generally credited in official quarters. Such a move has been expected to transpire as soon as the Japanese learn that the squadron's trip was an actuality and no mere demonstration. The authorities are prepared to hear terrible reports of the projected assault. While not hazarding a guess whether the fortress can be carried if the besiegers are utterly regardless of human life they are confident that General Stoessel will be able to make such an attack one of the costliest operations in history.

## MUST TAKE PORT ARTHUR.

Jap Army Ordered to Capture Forts at Any Cost.

Washington, Nov. 26.—The Associated Press learns on excellent authority that the Japanese army has been ordered to renew its attack on Port Arthur and to take the main fortifications at any cost.

## BAD TRAFFIC ARRANGEMENTS.

Correspondent Criticizes Management of Siberian Railway.

St. Petersburg, Nov. 26.—A correspondent returning to the front after having been wounded at Liaoyang and convalescing at Moscow writes from Irkutsk severely criticizing the traffic arrangements of the Siberian railway. He says that hospital trains after discharging wounded at Moscow are returned to the front absolutely empty, though the hospitals both in the field and at the base urgently need medicine, bandages and surgical appliances, and the only excuse for not sending them has been the alleged lack of transportation facilities on the railway. The correspondent says that enough empty trains are going back to the front not only to carry hospital material, but that they could easily hasten the arrival of reinforcements. The correspondent describes the hospital arrangements at Irkutsk, Omsk and Tscheliabinsk as wholly inadequate, while the frequent transfers of the wounded from train to train entail unnecessary hardship. Almost all the suffering from the congestion of traffic, it is added, is due to the administrative incapacity of the railway officials.

## FEW SCATTERING SHOTS.

Quiet Generally Prevailing at the Theater of War.

Mukden, Nov. 26.—Friday passed quietly, though during Thursday a few scattering shots were heard along the front, particularly in a southeasterly direction.

There are large bands of Chinese bandits in the neighborhood of Tie pass, though no Japanese officers have been noticed among them.

The army around Mukden is making dugouts, which are warm and comfortable and this is regarded as evidence of an intention to pass the winter in their present location.

Skirmishing continues to the southward, but there has been no serious engagements.

## COVERED WITH ICE.

Hun and Taitse Rivers Are Now Frozen Over.

St. Petersburg, Nov. 26.—A dispatch from Mukden states that the Hun and Taitse rivers have been frozen over. The low stage of water in the Liao river, the dispatch adds, impedes the transport of Japanese stores from Yinkow and the forwarding of ammunition is delayed by the scarcity of wagons. The removal of the wounded from Liaoyang to Dalny is being executed with difficulty for the same reason.

## COVERS COMMUNICATIONS.

Strong Jap Force Posted Northwest of Fenwangcheng.

Berlin, Nov. 26.—The Lokal Anzeiger's Mukden correspondent telegraphs as follows:

"The concentration of strong Japanese forces at Salmatse, northwest of Fengwangcheng, which at first was thought to indicate the formation of a new offensive army, now appears to have been intended only for covering the Fengwangcheng communication."

## BRING COAL AND SUNDRIES.

Twenty Steamers Reach Vladivostok the Past Month.

Nagasaki, Nov. 26.—A foreigner who left Vladivostok last Monday says that during the past month twenty steamers arrived at Vladivostok, bringing coal and sundries.

The location of the harbor defense mines is uncertain and as a result torpedo boat No. 208 has been sunk and a German steamer has been damaged by coming in contact with mines.

## DOES NOT BLAME HIM.

Dying Gambler Accuses His Friend of Shooting Him.

New York, Nov. 26.—"Yes, Frank shot me, but he was justified. I would have done the same to him," was the ante-mortem statement made to the coroner during the day by Guy Roche, the gambler who was twice shot in Broadway Thursday and who now lies in a hospital probably fatally wounded. The statement was made in the presence of his alleged assailant, Frank Felton, who looked on unmoved. After uttering the qualification to the statement that implied self-defense, the dying man said:

"Good-bye, Frank, old boy; I don't blame you," and, holding out his hand, asked his former friend to take it. But Felton appeared not to hear the request and, without looking in the direction of Roche, turned and was led away for arraignment. Later in the day he was held without bail.

The reason for the shooting has not been made known. Roche could not be induced to talk upon this phase of the case, and with equal firmness Felton declared the police had arrested the wrong man.

## CHARGED WITH MURDER.

Father and Son Arrested at the Victim's Funeral.

St. Joseph, Mo., Nov. 26.—George W. Gay and his son, Lester Gay, were arrested at the entrance to the cemetery near Agency, Mo., during the afternoon on the charge of murdering Mrs. George W. Gay, wife and mother of the prisoners, last Wednesday. The woman's throat was cut and the father and son claimed to have found her dead upon returning from the field for dinner. Her body had just been interred when the sheriff from St. Joseph made the arrest.

It has developed that George Gay and his wife had frequently quarrelled and that they had separated several times, the last time about six years ago. It is the theory of the officers of the law that because the wife would not consent to sell their farm and move to Oklahoma, George Gay, in a fit of anger following a quarrel, killed her in the presence of the son, who through fear, claimed that he found the corpse while his father was in the field where the two had been working.

## MAN ROBBED BY WOMEN.

Female Bandits Wield Big Stick With Effect in Chicago.

Chicago, Nov. 26.—Two women bandits invaded the North Side and found a victim at La Salle avenue and Huron street.

The victim was Peter Lawrence. He was on his way home when the two women suddenly emerged from the shadow of a building and commanded him to throw up his hands.

The order being reinforced by one of the women holding a big stick uplifted in a threatening manner, Lawrence complied and the other women went through his pockets and secured \$5. The bandits fled down the alley. Lawrence called for help.

Detectives heard the cries, headed the women off and took them into custody.

## CHINAMEN RUN AMUCK.

Fire Over Fifty Pistol Shots and Hit Two White Men.

New York, Nov. 26.—Fully fifty pistol shots were exchanged in the Bowery during the evening between eight or ten Chinamen and as a result two non-participants, white men, were wounded, one probably fatally. The police do not know the exact number of persons engaged. The shooting was between members of the Hip Sing Tong, a reform organization, and members of the On Leong Tong, a Chinese secret society which is reputed to foster opium traffic. None of the Chinamen were hit, but John Baldwin received a bullet in his abdomen, which will likely cause death, and Horace Landi was shot in the hip. Several Chinamen were arrested.

## TRAIN HITS TROLLEY CAR.

Two Persons Fatally and Fourteen Seriously Injured.

Cleveland, Nov. 26.—A passenger train on the Pennsylvania road between this city and Pittsburg crashed into a trolley car at Bedford, O., during the day. The trolley car was well filled with passengers and two of them are probably fatally hurt. Fourteen other persons are less seriously injured. The passenger train was running at a speed of fifty miles an hour. It struck the trolley almost in the center and carried a portion of the car a quarter of a mile. A number of the passengers in the trolley car were thrown some distance as the result of the collision.

## KILLS GIRL AND HERSELF.

Woman Jealous of Her Husband's Former Sweetheart.

Birmingham, Ala., Nov. 26.—Mrs. John Kyser late in the afternoon shot and mortally wounded Miss Nellie Edwards in her home in Woodlawn, a suburb of Birmingham, and while on a street car en route to the city shot and instantly killed herself. Both are well known and the affair has caused a sensation. It is said Mrs. Kyser was jealous of her husband, who was formerly engaged to Miss Edwards.

## Next Session in New Jersey.

Portland, Ore., Nov. 26.—The National Grange during the day decided to hold the next annual session in the state of New Jersey. The selection of the city will be made by the executive committee. The grange went on record as favoring industrial education in the country schools, especially in the matter of agricultural training.

## NEW ERA FOR RUSSIA

CZAR MAY GRANT TO HIS SUBJECTS A CONSTITUTION ALREADY PREPARED.

## SALVATION OF THE EMPIRE

NICHOLAS DEEPLY IMPRESSED BY DOCUMENT DRAWN UP BY ZEMSTVO MEETING.

St. Petersburg, Nov. 26.—The unexpected may happen after all. The meeting of the zemstvoists, "first Russian congress," as it is now called, may indeed work the inauguration of a new era for Russia. Emperor Nicholas, the initiator of the plan for universal disarmament, may turn back upon the reactionaries and crown his reign by granting to his subjects the constitution which his grandfather had already prepared when he fell by the hand of an assassin.

The basis of such a possibility is the significant fact that late in the afternoon the emperor received in the palace at Tsarskoe-Selo M. Shipoff of Moscow, M. Petrunkovitch of Tver, M. Rodzianko of Ekaterinoslav and Count Helden, four prominent members of the zemstvo congress, and listened at length to their views. It developed that when Minister of the Interior Sviatopolk-Mirsky presented the zemstvo memorial and resolution on Nov. 24 the emperor was so deeply impressed as well by the contents of the document as by the character of the signers that he immediately expressed the desire to personally receive a deputation of four.

The zemstvoists therefore went to Tsarskoe-Selo by imperial command. At their audience, it is understood, they explained fully their position and reiterated the views expressed by the memorial that the salvation of the empire from ruin by revolution lay in the adoption of the general ideas expressed in the memorial. The emperor was greatly impressed by what he heard and asked many questions. While it is understood that he gave no indication of his purposes except the sympathy he displayed the deputation, when they returned to St. Petersburg, were in high spirits. Naturally they declined to say anything for publication regarding the visit.

The news that the delegation had been given an audience by the emperor spread like wildfire through the city and created a tremendous sensation, rejoicing among liberals and amazement among the uncompromising supporters of the old regime.

## FIRE ON BY FORTS.

Argentine Torpedo Boat Hit by Paraguayan Artillery.

Buenos Ayers, Nov. 26.—The Argentine minister to Paraguay has informed the foreign office here that an Argentine torpedo boat proceeding to Formosa, Argentina, received four cannon shots fired from Paraguayan forts at San Antonio. The minister adds that the event occurred in the daytime and that the Argentine flag was clearly visible at the time. The minister visited the Paraguayan president and protected energetically stating that it was not the first occasion of such an occurrence and demanded satisfactory explanations.

Later information received at the foreign office intimates that the Paraguayan government offered ample satisfaction, President Escurrea visiting the Argentine cruiser El Plata as an act of courtesy and to demonstrate his friendship.

Instructions subsequently were wired to the commanders of Argentine warships off Asuncion to adopt stern measures and to the Argentine minister to withdraw in the event of a repetition of such proceedings.

## FAILURE OF POTATO CROP.

Great Distress and Suffering Among Connemara Peasantry.

London, Nov. 26.—The failure of the potato crop is causing great distress and suffering among the peasantry of Connemara. The Galway county council has adopted resolutions urging the government, in view of the pressing need, to afford assistance by providing relief works, especially in the congested districts, and by supplying cheap potatoes for the coming season. The council suggested, among other things, the development of mineral resources.

Reports from various districts of Ireland state that the pinch of hunger is already severely felt, especially on the Mayo seaboard.

## NEBRASKA BANK FAILS.

President and Cashier Have Mysteriously Disappeared.

O'Neill, Neb., Nov. 26.—The Elkhorn Valley bank failed to open for business during the day and its president and cashier could not be found in the city. The affairs of the bank, according to a statement given to the press by the wife of Bernard McGreevy, president of the bank, are in a bad condition.

## Trials of Motherhood

395 Broad Street, PHILADELPHIA, PA., June 12, 1903.

I suffered for nine years with ovarian troubles making life a burden to myself as well as to my family. During that time I had two miscarriages and although we longed for a child to bless our home this seemed impossible. I had constant racking bearing-down pains in the pelvic organs and a pulling through my limbs with frequent headaches. I felt sick at my stomach and vomited frequently and no medicine helped me until I tried Wine of Cardui.

Then my general health improved, the pains gradually lessened and after 18 weeks I was well. I am now the happy mother of a boy eighteen months old and my husband joins me in sending heartfelt thanks to you for your splendid medicine. Without, I would have been a childless, instead of a happy and well mother.

Mrs. Frederick Nirdlinger

CHAIRMAN, ST. ANDREW'S ASSOCIATION.

## WINE of CARDUI

Wine of Cardui is the most successful menstrual regulator. By regulating menstruation, Wine of Cardui banishes inflammation from the entire female organism and the strengthened ligaments bring the organs back to their proper place. This is what Wine of Cardui did for Mrs. Nirdlinger. It banished the racking pains and burning inflammation and brought her relief. She was restored to health and strength and gives Wine of Cardui the credit of making her able to become a happy mother. This medicine equips a woman for every duty of wifehood and motherhood. There are many suffering women who think that health can never be theirs because they cannot secure the services of a great specialist, but we want to say right here that while Mrs. Nirdlinger lives in Philadelphia, a great medical center, she depended on Wine of Cardui for a cure and she was cured. This same medicine is within your reach. Will you take it?

All druggists sell \$1.00 bottles Wine of Cardui.

## Boxed Ten Hard Rounds.

Denver, Nov. 26.—Clarence Forbes of Chicago and Martin Devaney of Denver boxed ten hard rounds to a draw before a local club. Forbes was much the cleverer, outboxing Devaney throughout, but the latter was the stronger and harder bitter and landed many telling blows.

## H. F. MICHAEL CO.

## Trials of Motherhood

395 Broad Street, PHILADELPHIA, PA., June 12, 1903.

I suffered for nine years with ovarian troubles making life a burden to myself as well as to my family. During that time I had two miscarriages and although we longed for a child to bless our home this seemed impossible. I had constant racking bearing-down pains in the pelvic organs and a pulling through my limbs with frequent headaches. I felt sick at my stomach and vomited frequently and no medicine helped me until I tried Wine of Cardui.

Then my general health improved, the pains gradually lessened and after 18 weeks I was well. I am now the happy mother of a boy eighteen months old and my husband joins me in sending heartfelt thanks to you for your splendid medicine. Without it, I would have been a childless, instead of a happy mother.

Mrs. Frederick Nirdlinger  
CHAPLAIN, ST. ANDREW'S ASSOCIATION.

## WINE of CARDUI

Wine of Cardui is the most successful menstrual regulator. By regulating menstruation, Wine of Cardui banishes inflammation from the entire female organism and the strengthened ligaments bring the organs back to their proper place. This is what Wine of Cardui did for Mrs. Nirdlinger. It banished the racking pains and burning inflammation and brought her relief. She was restored to health and strength and gives Wine of Cardui the credit of making her able to become a happy mother. This medicine equips a woman for every duty of wifehood and motherhood. There are many suffering women who think that health can never be theirs because they cannot secure the services of a great specialist, but we want to say right here that while Mrs. Nirdlinger lives in Philadelphia, a great medical center, she depended on Wine of Cardui for a cure and she was cured. This same medicine is within your reach. Will you take it?

All druggists sell \$1.00 bottles Wine of Cardui.

## RECEIVES CREDENCE

ST. PETERSBURG BELIEVES REPORT THAT JAPS ARE PRESSING PORT ARTHUR.

### FORTRESS MUST BE TAKEN

GENERAL ASSAULT MAY PROVE ONE OF COSTLIEST OPERATIONS IN HISTORY.

St. Petersburg, Nov. 26.—There is an entire lack of news from the front. The report that the Japanese are concentrating their energies for a desperate assault on Port Arthur in view of the approach of the Baltic squadron is quite generally credited in official quarters. Such a move has been expected to transpire as soon as the Japanese learn that the squadron's trip was an actuality and no mere demonstration. The authorities are prepared to hear terrible reports of the projected assault. While not hazarding a guess whether the fortress can be carried if the besiegers are utterly regardless of human life they are confident that General Stoessel will be able to make such an attack one of the costliest operations in history.

### MUST TAKE PORT ARTHUR.

Jap Army Ordered to Capture Forts at Any Cost.

Washington, Nov. 26.—The Associated Press learns on excellent authority that the Japanese army has been ordered to renew its attack on Port Arthur and to take the main fortifications at any cost.

### BAD TRAFFIC ARRANGEMENTS.

Correspondent Criticises Management of Siberian Railway.

St. Petersburg, Nov. 26.—A correspondent returning to the front after having been wounded at Liaoyang and convalescing at Moscow writes from Irkutsk severely criticising the traffic arrangements of the Siberian railway. He says that hospital trains after discharging wounded at Moscow are returned to the front absolutely empty, though the hospitals both in the field and at the base urgently need medicine, bandages and surgical appliances, and the only excuse for not sending them has been the alleged lack of transportation facilities on the railway. The correspondent says that enough empty trains are going back to the front not only to carry hospital material, but that they could easily hasten the arrival of reinforcements. The correspondent describes the hospital arrangements at Irkutsk, Omsk and Tscheliabinsk as wholly inadequate, while the frequent transfers of the wounded from train to train entail unnecessary hardship. Almost all the suffering from the congestion of traffic, it is added, is due to the administrative incapacity of the railway officials.

### FEW SCATTERING SHOTS.

Quiet Generally Prevailing at the Theater of War.

Mukden, Nov. 26.—Friday passed quietly, though during Thursday a few scattering shots were heard along the front, particularly in a southeasterly direction.

There are large bands of Chinese bandits in the neighborhood of Tie pass, though no Japanese officers have been noticed among them.

The army around Mukden is making dugouts, which are warm and comfortable and this is regarded as evidence of an intention to pass the winter in their present location.

Skirmishing continues to the southward, but there has been no serious engagements.

### COVERED WITH ICE.

Hun and Taitse Rivers Are Now Frozen Over.

St. Petersburg, Nov. 26.—A dispatch from Mukden states that the Hun and Taitse rivers have been frozen over. The low stage of water in the Liao river, the dispatch adds, impedes the transport of Japanese stores from Yinkow and the forwarding of ammunition is delayed by the scarcity of wagons. The removal of the wounded from Liaoyang to Dainy is being executed with difficulty for the same reason.

### COVERS COMMUNICATIONS.

Strong Jap Force Posted Northwest of Fenwangcheng.

Berlin, Nov. 26.—The Lokal Anzeiger's Mukden correspondent telegraphs as follows:

"The concentration of strong Japanese forces at Saimatse, northwest of Fenwangcheng, which at first was thought to indicate the formation of a new offensive army, now appears to have been intended only for covering the Fengwangcheng communication."

### BRING COAL AND SUNDRIES.

Twenty Steamers Reach Vladivostok the Past Month.

Nagasaki, Nov. 26.—A foreigner who left Vladivostok last Monday says that during the past month twenty steamers arrived at Vladivostok, bringing coal and sundries.

The location of the harbor defense mines is uncertain and as a result torpedo boat No. 208 has been sunk and a German steamer has been damaged by coming in contact with mines.

### DOES NOT BLAME HIM.

Dying Gambler Accuses His Friend of Shooting Him.

New York, Nov. 26.—"Yes, Frank shot me, but he was justified. I would have done the same to him," was the ante-mortem statement made to the coroner during the day by Guy Roche, the gambler who was twice shot in Broadway Thursday and who now lies in a hospital probably fatally wounded. The statement was made in the presence of his alleged assailant, Frank Felton, who looked on unmoved. After uttering the qualification to the statement that implied self-defense, the dying man said:

"Good-bye, Frank, old boy; I don't blame you," and, holding out his hand, asked his former friend to take it. But Felton appeared not to hear the request and, without looking in the direction of Roche, turned and was led away for arraignment. Later in the day he was held without bail.

The reason for the shooting has not been known. Roche could not be induced to talk upon this phase of the case, and with equal firmness Felton declared the police had arrested the wrong man.

### CHARGED WITH MURDER.

Father and Son Arrested at the Victim's Funeral.

St. Joseph, Mo., Nov. 26.—George W. Gay and his son, Lester Gay, were arrested at the entrance to the cemetery near Agency, Mo., during the afternoon on the charge of murdering Mrs. George W. Gay, wife and mother of the prisoners, last Wednesday. The woman's throat was cut and the father and son claimed to have found her dead upon returning from the field for dinner. Her body had just been interred when the sheriff from St. Joseph made the arrest.

It has developed that George Gay and his wife had frequently quarrelled and that they had separated several times, the last time about six years ago. It is the theory of the officers of the law that because the wife would not consent to sell their farm and move to Oklahoma, George Gay, in a fit of anger following a quarrel, killed her in the presence of the son, who through fear, claimed that he found the corpse while his father was in the field where the two had been working.

### MAN ROBBED BY WOMEN.

Female Bandits Wield Big Stick With Effect in Chicago.

Chicago, Nov. 26.—Two women bandits invaded the North Side and found a victim at La Salle avenue and Huron street.

The victim was Peter Lawrence. He was on his way home when the two women suddenly emerged from the shadow of a building and commanded him to throw up his hands.

The order being reinforced by one of the women holding a big stick uplifted in a threatening manner, Lawrence complied and the other woman went through his pockets and secured \$5. The bandits fled down the alley. Lawrence called for help.

Detectives heard the cries, headed the women off and took them into custody.

### CHINAMEN RUN AMUCK.

Fire Over Fifty Pistol Shots and Hit Two White Men.

New York, Nov. 26.—Fully fifty pistol shots were exchanged in the Bowery during the evening between eight or ten Chinamen and as a result two non-participants, white men, were wounded, one probably fatally. The police do not know the exact number of persons engaged. The shooting was between members of the Hip Sing Tong, a reform organization, and members of the On Leong Tong, a Chinese secret society which is reputed to foster opium traffic. None of the Chinamen were hit, but John Baldwin received a bullet in his abdomen, which will likely cause death, and Horace Landi was shot in the hip. Several Chinamen were arrested.

### TRAIN HITS TROLLEY CAR.

Two Persons Fatally and Fourteen Seriously Injured.

Cleveland, Nov. 26.—A passenger train on the Pennsylvania road between this city and Pittsburg crashed into a trolley car at Bedford, O., during the day. The trolley car was well filled with passengers and two of them are probably fatally hurt. Fourteen other persons are less seriously injured. The passenger train was running at a speed of fifty miles an hour. It struck the trolley almost in the center and carried a portion of the car a quarter of a mile. A number of the passengers in the trolley car were thrown some distance as the result of the collision.

### KILLS GIRL AND HERSELF.

Woman Jealous of Her Husband's Former Sweetheart.

Birmingham, Ala., Nov. 26.—Mrs. John Kyser late in the afternoon shot and mortally wounded Miss Nellie Edwards in her home in Woodlawn, a suburb of Birmingham, and while on a street car en route to the city shot and instantly killed herself. Both are well known and the affair has caused a sensation. It is said Mrs. Kyser was jealous of her husband, who was formerly engaged to Miss Edwards.

### Next Session in New Jersey.

Portland, Ore., Nov. 26.—The National Grange during the day decided to hold the next annual session in the state of New Jersey. The selection of the city will be made by the executive committee. The grange went on record as favoring industrial education in the country schools, especially in the matter of agricultural training.

## NEW ERA FOR RUSSIA

CZAR MAY GRANT TO HIS SUBJECTS A CONSTITUTION ALREADY PREPARED.

### SALVATION OF THE EMPIRE

NICHOLAS DEEPLY IMPRESSED BY DOCUMENT DRAWN UP BY ZEMSTVO MEETING.

St. Petersburg, Nov. 26.—The unexpected may happen after all. The meeting of the zemstvoists, "first Russian congress," as it is now called, may indeed work the inauguration of a new era for Russia. Emperor Nicholas, the initiator of the plan for universal disarmament, may turn back upon the reactionaries and crown his reign by granting to his subjects the constitution which his grandfather had already prepared when he fell by the hand of an assassin.

The basis of such a possibility is the significant fact that late in the afternoon the emperor received in the palace at Tsarskoe-Selo M. Shipoff of Moscow, M. Petrunkelvitsh of Tver, M. Rodzianko of Ekaterinoslav and Count Henden, four prominent members of the zemstvo congress, and listened at length to their views. It developed that when Minister of the Interior Sviatopolk-Mirsky presented the zemstvo memorial and resolution on Nov. 24 the emperor was so deeply impressed as well by the character of the document as by the content of the signers that he immediately expressed the desire to personally receive a deputation of four.

The zemstvoists therefore went to Tsarskoe-Selo by imperial command. At their audience, it is understood, they explained fully their position and reiterated the views expressed by the memorial that the salvation of the empire from ruin by revolution lay in the adoption of the general ideas expressed in the memorial. The emperor was greatly impressed by what he heard and asked many questions. While it is understood that he gave no indication of his purposes except the sympathy he displayed the deputation, when they returned to St. Petersburg, were in high spirits. Naturally they declined to say anything for publication regarding the visit.

The news that the delegation had been given an audience by the emperor spread like wildfire through the city and created a tremendous sensation, rejoicing among liberals and amazement among the uncompromising supporters of the old regime.

### FIRE ON BY FORTS.

Argentine Torpedo Boat Hit by Paraguayan Artillery.

Buenos Ayers, Nov. 26.—The Argentine minister to Paraguay has informed the foreign office here that an Argentine torpedo boat proceeding to Formosa, Argentina, received four cannon shots fired from Paraguayan forts at San Antonio. The minister adds that the event occurred in the daytime and that the Argentine flag was clearly visible at the time. The minister visited the Paraguayan president and protected energetically stating that it was not the first occasion of such an occurrence and demanded satisfactory explanations.

Later information received at the foreign office intimates that the Paraguayan government offered ample satisfaction, President Escerria visiting the Argentine cruiser El Plata as an act of courtesy and to demonstrate his friendship.

Instructions subsequently were wired to the commanders of Argentine warships off Asuncion to adopt stern measures and to the Argentine minister to withdraw in the event of a repetition of such proceedings.

### FAILURE OF POTATO CROP.

Great Distress and Suffering Among Connemara Peasantry.

London, Nov. 26.—The failure of the potato crop is causing great distress and suffering among the peasantry of Connemara. The Galway county council has adopted resolutions urging the government, in view of the pressing need, to afford assistance by providing relief works, especially in the congested districts, and by supplying cheap potatoes for the coming season. The council suggested, among other things, the development of mineral resources.

Reports from various districts of Ireland state that the pinch of hunger is already severely felt, especially on the Mayo seaboard.

### NEBRASKA BANK FAILS.

President and Cashier Have Mysteriously Disappeared.

O'Neill, Neb., Nov. 26.—The Elkhorn Valley bank failed to open for business during the day and its president and cashier could not be found in the city. The affairs of the bank, according to a statement given to the press by the wife of Bernard McGreery, president of the bank, are in a bad condition.

### Japan Protests to Britain.

London, Nov. 26.—Japan in a friendly spirit has drawn the attention of Great Britain to the supply of coal furnished by their vessels to the Russian fleet.

MINNEAPOLIS is getting an unenviable reputation for being a b-a-d town.

EVEN if we are having nice pleasant weather into the winter months there is no need to worry about the ice crop, it will grow to a proper thickness in due time.

ALL the newspapers that bolted the ticket on governor are now giving good advice along the line of burying the hatchet and being good republicans for the sake of the party. Consistency, thou art a jewel.

The canvassing board for this legislative district will meet at Little Falls on Monday next and canvass the returns of Morrison and Crow Wing counties on senator and representative. The board consists of the county canvassing board of the senior county with the addition of the auditor of this county.

Among the signs mentioned why we are to have an open winter this year are the facts that the muskrat houses are thin, the corn husks are light, the hog's melt is not very thick and the hens moulted late. That ought to convince the most skeptical, but it would be just as well to keep a cord or two of wood on hand for an emergency.

DOUGLAS, the shoe man, who was elected governor of Massachusetts by the democrats, is a great advertiser and he credits his election as much to the advertising he did as to any other one thing. He believes in printer's ink and uses it with an elaborate judiciousness in all his business enterprises, and his desire for the governorship was no exception.

::=::

SALE

This will be the First Genuine Great Stove Sale ever held in Brainerd; the particular difference between this sale and the many other sales going on at the present time, is that we do not oblige you to pay spot cash to get the benefit of it.

We have fifty-one different kinds of Heaters and six varieties of Ranges and we have to keep about five hundred stoves on hand to back up these samples, and our store is so

crowded with goods that we haven't room even to show such a large variety of samples.

What we want to do this fall is to close out this entire stock so as to start in next season with a smaller variety and consequently smaller stock. We would rather sell all of these stoves on the installment plan than to sell only part of them for cash and carry the balance over another year, and we would rather you would have the use and comfort of a

Good Heater or Range and pay for it at your convenience than to keep them in our warehouse where they are doing no one any good.

It is rather an unusual proceeding to offer goods on the installment plan at a closing out sale, therefore we have explained our reasons as above, to convince you that we mean business.

Come in and see what Bargains we have to offer is all we ask.

The Little Falls Herald now hopes that "Clevelandism" will no longer burden the democratic party.

CONGRESS convenes Dec. 5th and Congressman Buckman will leave Little Falls early next week to be present at the opening session.

EVEN if we are having nice pleasant weather into the winter months there is no need to worry about the ice crop, it will grow to a proper thickness in due time.

ALL the newspapers that bolted the ticket on governor are now giving good advice along the line of burying the hatchet and being good republicans for the sake of the party. Consistency, thou art a jewel.

The canvassing board for this legislative district will meet at Little Falls on Monday next and canvass the returns of Morrison and Crow Wing counties on senator and representative. The board consists of the county canvassing board of the senior county with the addition of the auditor of this county.

Among the signs mentioned why we are to have an open winter this year are the facts that the muskrat houses are thin, the corn husks are light, the hog's melt is not very thick and the hens moulted late. That ought to convince the most skeptical, but it would be just as well to keep a cord or two of wood on hand for an emergency.

DOUGLAS, the shoe man, who was elected governor of Massachusetts by the democrats, is a great advertiser and he credits his election as much to the advertising he did as to any other one thing. SALE

This will be the First Genuine Great Stove Sale ever held in Brainerd; the particular difference between this sale and the many other sales going on at the present time, is that we do not oblige you to pay spot cash to get the benefit of it.

We have fifty-one different kinds of Heaters and six varieties of Ranges and we have to keep about five hundred stoves on hand to back up these samples, and our store is so

crowded with goods that we haven't room even to show such a large variety of samples.

What we want to do this fall is to close out this entire stock so as to start in next season with a smaller variety and consequently smaller stock. We would rather sell all of these stoves on the installment plan than to sell only part of them for cash and carry the balance over another year, and we would rather you would have the use and comfort of a

Good Heater or Range and pay for it at your convenience than to keep them in our warehouse where they are doing no one any good.

It is rather an unusual proceeding to offer goods on the installment plan at a closing out sale, therefore we have explained our reasons as above, to convince you that we mean business.

## PERFORMANCE WAS A SUCCESS

Brainerd Elks Had a Hummer House out for Their Benefit at Opera House

MR. WHITESIDE WAS AT HIS BEST

Both Players, Scenery and Costumes Have Been Loudly Praised

The Brainerd opera house was filled last night when Mr. Walker Whiteside, that sterling young actor, appeared here under the auspices of the Brainerd Lodge of Elks in "David Garrick's Love" for the first time, and the performance was a complete success both from the standpoint of excellence of the company, scenery and costumes as well as from the standpoint of a financial venture on the part the Elks. The Elks bought this performance of Manager C. P. Walker, of the Walker Theatre company, some weeks ago, believing that in this way they could do just as well as putting on a local performance. They used good judgement.

It is a drama of decided merit, and one of those peculiar productions in which an actor is called upon to portray another actor who was the greatest of his time, David Garrick, Mr. Whiteside, delicate and yet powerful in his interpretations of his lines always, who has won eminent distinction of his portrayal of the role of Hamlet, was equal to the new opportunity and in this play

met the exacting requirements very well. It was one of the best performances ever seen in this city and the audience was highly gratified.

The Elks are to be congratulated in selecting such a piece to back up.

## CAR OF MARBLE

Chewelah Company Plans to Put in a Big Plant of Machinery on Their Property at Deep Creek

Under the supervision of A. J. Dunton, the Chewelah Marble company shipped a carload of white marble to Minneapolis today to be worked up as an advertisement for the company's property on Deep Creek, five miles east of Northport.

This car contained six flawless blocks of marble taken from the surface, aggregating 20 tons, the largest block being 10 feet long and two feet eight inches wide and weighing six tons. A five inch tire wagon, a derrick and other machinery has been ordered and will arrive this week.

F. O. Streed, president and treasurer of the Northwestern Mantel company of Minneapolis, and a heavy stockholder in the Chewelah Marble company, left for home today after a thorough inspection of the company's Deep Creek property. He expressed the belief that a new supply of pure white marble, which is becoming scarce in Vermont has been found by his company. The marble industry at Northport promises to be one of the leading industries of Stevens county. A. J. Dunton, general manager of the Chewelah company, said today: "I will go east soon to order several thousand dollars' worth of quarry machinery that cannot be obtained in the west. The quarry is opened to the extent that there is no question as to the soundness of the deposit. As to quality it is acknowledged to be the highest grade marble in this country, not excepting any of the Vermont product."

The company works 12 men and owns 480 acres of marble land; a mill site and a valuable water power right on Deep creek.—Newport, Wash., News.

## MAY MAKE SOME CHANGES IN YARDS

It is Said that Old Arlington Property and West Will Be Utilized for Tracks

WORK TO BE DONE IN SPRING

Proposition Said to be a Move Toward Doing Nearly all Switching West of Sixth.

There is a report that the land on which the old Arlington hotel stood for so long will be utilized by the Northern Pacific for trackage purposes and that this portion of the company's right of way together with the property lying immediately west, between Sixth and Third streets, will form a part of the Northern Pacific yards in this city.

It is said the move is made looking to the betterment of the yard facilities and ultimately to confine the yard to the company's right of way west of Sixth street.

This, it is claimed, will lessen the danger in the yards, especially between Sixth and Eighth streets. It is said the work on this improvement will commence in the spring.

## Couldn't Stand the Pressure.

The following from a Chicago paper has reference to a gentleman who in the early '80s was proprietor of THE DISPATCH:

"Fred Puhler, employed at a Milwaukee headquarters to send out campaign literature, hopelessly complicated the situation by going insane. The fact was not suspected until it was discovered that he had been sending Italian literature to German voters."

No matter how long you have had the cough; if it hasn't already developed into consumption, Dr. Wood's Norway Pine Syrup will cure it.

## TO KEEP FANCY POULTRY

Bert Sabin, Jr., of Northeast Brainerd Erecting Extensive Poultry Houses and Yards

What will probably be the most perfectly equipped chicken ranch in Crow Wing county is being erected by Bert Sabin, Jr., at his home on Mill street Northeast. The house is very commodious and so arranged as to permit the keeping of seven different flocks of chickens and keep all separate. There will be a large yard for each flock. The house will be very warm and should be an inducement to fowls to lay early in the winter when eggs are very high. There are many who will watch the experiment of extensive chicken raising in this section. There is a splendid local market for both eggs and chickens, and if hens can be made to lay well in winter, and early hatchings for the June and July market can be had poultry should prove very profitable.

This car contained six flawless blocks of marble taken from the surface, aggregating 20 tons, the largest block being 10 feet long and two feet eight inches wide and weighing six tons. A five inch tire wagon, a derrick and other machinery has been ordered and will arrive this week.

F. O. Streed, president and treasurer of the Northwestern Mantel company of Minneapolis, and a heavy stockholder in the Chewelah Marble company, left for home today after a thorough inspection of the company's Deep Creek property. He expressed the belief that a new supply of pure white marble, which is becoming scarce in Vermont has been found by his company. The marble industry at Northport promises to be one of the leading industries of Stevens county. A. J. Dunton, general manager of the Chewelah company, said today: "I will go east soon to order several thousand dollars' worth of quarry machinery that cannot be obtained in the west. The quarry is opened to the extent that there is no question as to the soundness of the deposit. As to quality it is acknowledged to be the highest grade marble in this country, not excepting any of the Vermont product."

The company works 12 men and owns 480 acres of marble land; a mill site and a valuable water power right on Deep creek.—Newport, Wash., News.

## MAY MAKE SOME CHANGES IN YARDS

It is Said that Old Arlington Property and West Will Be Utilized for Tracks

### WORK TO BE DONE IN SPRING

Proposition Said to be a Move Toward Doing Nearly all Switching West of Sixth.

There is a report that the land on which the old Arlington hotel stood for so long will be utilized by the Northern Pacific for trackage purposes and that this portion of the company's right of way together with the property lying immediately west, between Sixth and Third streets, will form a part of the Northern Pacific yards in this city.

It is said the move is made looking to the betterment of the yard facilities and ultimately to confine the yard to the company's right of way west of Sixth street.

This, it is claimed, will lessen the danger in the yards, especially between Sixth and Eighth streets. It is said the work on this improvement will commence in the spring.

### Couldn't Stand the Pressure.

The following from a Chicago paper has reference to a gentleman who in the early '80s was proprietor of THE DISPATCH:

"Fred Puhler, employed at a Milwaukee headquarters to send out campaign literature, hopelessly complicated the situation by going insane. The fact was not suspected until it was discovered that he had been sending Italian literature to German voters."

No matter how long you have had the cough; if it hasn't already developed into consumption, Dr. Wood's Norway Pine Syrup will cure it.

### TO KEEP FANCY POULTRY

Bert Sabin, Jr., of Northeast Brainerd Erecting Extensive Poultry Houses and Yards

What will probably be the most perfectly equipped chicken ranch in Crow Wing county is being erected by Bert Sabin, Jr., at his home on Mill street Northeast. The house is very commodious and so arranged as to permit the keeping of seven different flocks of chickens and keep all separate. There will be a large yard for each flock. The house will be very warm and should be an inducement to fowls to lay early in the winter when eggs are very high. There are many who will watch the experiment of extensive chicken raising in this section. There is a splendid local market for both eggs and chickens, and if hens can be made to lay well in winter, and early hatchings for the June and July market can be had poultry should prove very profitable.

Buy Xmas gifts or send subscriptions to you friends when you attend the fair and supper given by the ladies of St. Pauls' Episcopal church. Don't forget the pictures that will be on sale also.

# PERFORMANCE WAS A SUCCESS

Brainerd Elks Had a Hummer  
House out for Their Benefit  
at Opera House

MR. WHITESIDE WAS AT HIS BEST

Both Players, Scenery and Cos-  
tumes Have Been Loudly  
Praised

The Brainerd opera house was filled last night when Mr. Walker Whiteside, that sterling young actor, appeared here under the auspices of the Brainerd Lodge of Elks in "David Garrick's Love" for the first time, and the performance was a complete success both from the standpoint of excellence of the company, scenery and costumes as well as from the standpoint of a financial venture on the part the Elks. The Elks bought this performance of Manager C. P. Walker, of the Walker Theatre company, some weeks ago, believing that in this way they could do just as well as putting on a local performance. They used good judgement.

It is a drama of decided merit, and one of those peculiar productions in which an actor is called upon to portray another actor who was the greatest of his time, David Garrick, Mr. Whiteside, delicate and yet powerful in his interpretations of his lines always, who has won eminent distinction of his portrayal of the role of Hamlet, was equal to the new opportunity and in this play

met the exacting requirements very well. It was one of the best performances ever seen in this city and the audience was highly gratified.

The Elks are to be congratulated in selecting such a piece to back up.

Our line of hand bags include all the new and up-to-date novelties at reduced prices. H. P. Dunn & Co. 144tf

Chewelah Company Plans to Put in a Big Plant of Machinery on Their Property at Deep Creek

Under the supervision of A. J. Dutton, the Chewelah Marble company shipped a carload of white marble to Minneapolis today to be worked up as an advertisement for the company's property on Deep Creek, five miles east of Northport.

This car contained six flawless blocks of marble taken from the surface, aggregating 20 tons, the largest block being 10 feet long and two feet eight inches wide and weighing six tons. A five inch tire wagon, a derrick and other machinery has been ordered and will arrive this week.

**DIED VERY SUDDENLY**  
John Anderson, Employed at N. P. Shops, Passed Away Very Suddenly at His Home of Heart Failure.  
John Anderson, employed at the N. P. shops in this city, died very suddenly yesterday about noon at his home, 411 South Ninth street, his death being due, it is thought, to heart trouble.  
He had been working in the shops up to Thursday. On this day, it being Thanksgiving, the shops were not running and he took advantage of the holiday to go to the N. P. Sanitarium for medical treatment, as he had not been feeling well for some time past. He was given some medicine and went home. He did not feel very well yesterday morning and again went to the hospital. He took another treatment and went home and without his clothes off laid down on his bed to take a rest. About noon he started to get up but felt a pain in his breast and started back toward the bed. As he did so he dropped dead. The deceased leaves a wife and three children who are heartbroken over the sudden turn of affairs.  
Deputy Coroner Dean was called to the Anderson home yesterday between 12 and 1 o'clock but it was not thought necessary to hold an inquest as the cause of death was plainly heart disease.  
The funeral will be held Sunday afternoon at 2 o'clock from the house and will be under the auspices of Brainerd Lodge No. 47, A. O. U. W., of which order he was a member.

Not a Sick Day Since.  
"I was taken severely sick with kidney trouble. I tried all sorts of medicines none of which relieved me. One day I saw an ad of your Electric Bitters and determined to try that. After taking a few doses I felt relieved, and soon thereafter was entirely cured and have not seen a sick day since. Neighbors of mine have been cured of rheumatism, neuralgia, liver and kidney troubles and general debility." This is what B. F. Bass, of Fremont, N. C., writes. Only 50c at H. P. Dunn & Co., druggists.

**Wrestling Match Tonight.**  
The wrestling match tonight between Frank Coleman and Oscar Moxie at Gardner hall should be attended by a good crowd as it is said the match will be a very clever one. Mr. Coleman has worked up against some of the best wrestlers in the country out of his class, even Jenkins, Goshing and others and has made a good showing. He has added to his triumphs a large list of victories and it is claimed that he is today the middle weight champion wrestler of the world. All know what strength and endurance Moxie has and there should be an interest in the affair. They will go in for two out of three falls Greco-Roman. The tickets are 50 cents each.

**WILL LOSE ITS IDENTITY**  
LINE TO BE DISTRIBUTED PIECE-MEAL AMONG VARIOUS EASTERN CONNECTIONS.  
Chicago, Nov. 26.—The Post says: The report that the Union Pacific has purchased the Chicago Great Western road was reiterated during the afternoon with such positiveness and circumstantial evidence in its favor that it received general acceptance. The deal, which has been pending for some time, was said to have been closed and the Chicago Great Western will shortly lose its identity as an independent road and either be wholly absorbed by the Union Pacific itself or distributed piecemeal among the Eastern connections of that system.  
One report has it that the Chicago Great Western will be divided between the Chicago and Northwestern and the Milwaukee and St. Paul systems, both of which have for several years been close connections of the Union Pacific. The Northwestern, it is said, will take that portion of the Maple Leaf which runs from Marshalltown, Ia., to Kansas City, and the Milwaukee and St. Paul will take the St. Paul end of the line.  
There is another view of the case, however, which is that the Union Pacific will keep the Maple Leaf and operate it as the Eastern end of its own system. It will, it is declared, give the Union Pacific a very good outlet from Omaha to Chicago and the short line from Omaha to St. Paul.

**RECEIVER APPOINTED.**  
Montana Co-Operative Ranch Company in Difficulties.  
Great Falls, Mont., Nov. 26.—J. W. Speer has been appointed receiver for the Montana Co-Operative Ranch company on the application of Sam H. Wood, the company's former president. It is alleged that the assets are \$65,000 and the liabilities \$20,000. Wood says that the company owned 23,000 sheep a year ago, but lost 14,000 through severe weather and 5,000 were driven away. About 6,000 sheep remain on the ranch near Shelby Junction.  
A few days ago a fraud order was issued against the company's mail, which was barred. It was stated by the government's inspector that the company had solicited investments in the East, particularly in Pennsylvania, Massachusetts and promising large returns on small amounts of capital. It is alleged that more than \$100,000 has been secured by the company in this way during the last year.

**FORBID PLAYING FOOTBALL.**  
Man Whose Son Was Killed in Game Urges Legislation.  
Chicago, Nov. 26.—State legislation forbidding the playing of football in Illinois, Indiana, Michigan and Wisconsin is being urged by James E. Rowley of this city, whose son, James F. Rowley, Jr., died from injuries received in a game on Nov. 5.  
Parents of some who have been killed in the season just closed have been asked to co-operate with him. Through the enactment of a similar law in the four states at the same time, Mr. Rowley hopes to secure the aid of all educational institutions, neither state nor private, in the abolition of the sport in neighboring institutions.  
Mr. Rowley has consulted members of the state legislature and has been promised that a bill prohibiting the playing of football will be one of the first introduced at the next session of the legislature, which meets at Springfield, Jan. 4, 1905.  
**SAVES MINERS FROM DEATH.**  
Presence of Mind of Superintendent When Fire Breaks Out.  
Milwaukee, Nov. 26.—A special to the Sentinel from Baraboo says the presence of mind of Assistant Superintendent A. E. Pike of the Illinois mine, near North Freedom, Wis., probably saved fifty miners from instant death.  
The room at the bottom of the mine in which 1,000 pounds of dynamite was stored caught fire from a candle. Mr. Pike ran into the burning room, grasped two sticks of dynamite which had become ignited and smothered them in a pail of water. He then extinguished the flames.  
**GOTCH DEFEATS ROGERS.**  
Iowa Wrestler Easily Wins Bout at Buffalo, N. Y.  
Buffalo, Nov. 26.—Frank Gotch of Humboldt, Ia., the American wrestling champion, easily defeated Charles ("Yankee") Rogers, the New England giant. In the first bout at catch-as-catch-can Rogers did not succeed in getting behind Gotch, the champion winning the fall in 13:10. Rogers made a poor showing at Graeco-Roman style, backing to the ropes whenever Gotch assumed the aggressive. Rogers finally went through the ropes. He was stunned by the fall and Gotch was declared the winner in 32:00.

**PATROL WAGON OVERTURNS.**  
Driver and Three Policemen Injured in Brooklyn.  
New York, Nov. 26.—By the overturning of the patrol wagon carrying several police reserves of the Canarsie police station, Brooklyn, the driver and three of the reserves were seriously injured, two perhaps fatally. The patrolmen were responding to an alarm of fire and while turning a sharp corner the wagon almost turned a somersault, hurling the occupants to the ground.

**WILL BENEFIT NORTH COUNTRY**  
Rumors Afloat Regarding the Probable Extension of the M. & I. to the Border Next Summer  
Since President Elliott went over the Minnesota & International on a tour of inspection accompanied by General Manager Gemmell, there have been all kinds of rumors regarding the proposed extension of the M. & I. to the border next summer.  
The construction work on the Minnesota & International was stopped about a year ago. It was thought at that time that the extension would be put through at once, but a general depression in the railroad business prompted the officials to defer matters for a time.  
The following is taken from the Duluth News-Tribune:  
"The announcement that the Northern Pacific road is planning to extend the Minnesota & International line from its present terminus at Northome to International Falls next year has been the source of gratification to residents of the territory surrounding the border town, particularly in the Big Fork and Little Fork valleys.  
"Miles A. Gordon, a resident of the Little Fork country, was in Duluth yesterday, transacting business at the land office in connection with his claim and stated that settlers of the north country are highly appreciative of the stand taken by the railway company in improving that locality."

**DIED VERY SUDDENLY**  
John Anderson, Employed at N. P. Shops, Passed Away Very Suddenly at His Home of Heart Failure.  
John Anderson, employed at the N. P. shops in this city, died very suddenly yesterday about noon at his home, 411 South Ninth street, his death being due, it is thought, to heart trouble.  
He had been working in the shops up to Thursday. On this day, it being Thanksgiving, the shops were not running and he took advantage of the holiday to go to the N. P. Sanitarium for medical treatment, as he had not been feeling well for some time past. He was given some medicine and went home. He did not feel very well yesterday morning and again went to the hospital. He took another treatment and went home and without his clothes off laid down on his bed to take a rest. About noon he started to get up but felt a pain in his breast and started back toward the bed. As he did so he dropped dead. The deceased leaves a wife and three children who are heartbroken over the sudden turn of affairs.  
Deputy Coroner Dean was called to the Anderson home yesterday between 12 and 1 o'clock but it was not thought necessary to hold an inquest as the cause of death was plainly heart disease.  
The funeral will be held Sunday afternoon at 2 o'clock from the house and will be under the auspices of Brainerd Lodge No. 47, A. O. U. W., of which order he was a member.

Not a Sick Day Since.  
"I was taken severely sick with kidney trouble. I tried all sorts of medicines none of which relieved me. One day I saw an ad of your Electric Bitters and determined to try that. After taking a few doses I felt relieved, and soon thereafter was entirely cured and have not seen a sick day since. Neighbors of mine have been cured of rheumatism, neuralgia, liver and kidney troubles and general debility." This is what B. F. Bass, of Fremont, N. C., writes. Only 50c at H. P. Dunn & Co., druggists.

**Wrestling Match Tonight.**  
The wrestling match tonight between Frank Coleman and Oscar Moxie at Gardner hall should be attended by a good crowd as it is said the match will be a very clever one. Mr. Coleman has worked up against some of the best wrestlers in the country out of his class, even Jenkins, Goshing and others and has made a good showing. He has added to his triumphs a large list of victories and it is claimed that he is today the middle weight champion wrestler of the world. All know what strength and endurance Moxie has and there should be an interest in the affair. They will go in for two out of three falls Greco-Roman. The tickets are 50 cents each.

**GREAT WESTERN SOLD**  
**PERSISTENT REPORT THAT THE UNION PACIFIC HAS BOUGHT THE MAPLE LEAF.**  
**WILL LOSE ITS IDENTITY**  
LINE TO BE DISTRIBUTED PIECE-MEAL AMONG VARIOUS EASTERN CONNECTIONS.  
Chicago, Nov. 26.—The Post says: The report that the Union Pacific has purchased the Chicago Great Western road was reiterated during the afternoon with such positiveness and circumstantial evidence in its favor that it received general acceptance. The deal, which has been pending for some time, was said to have been closed and the Chicago Great Western will shortly lose its identity as an independent road and either be wholly absorbed by the Union Pacific itself or distributed piecemeal among the Eastern connections of that system.  
One report has it that the Chicago Great Western will be divided between the Chicago and Northwestern and the Milwaukee and St. Paul systems, both of which have for several years been close connections of the Union Pacific. The Northwestern, it is said, will take that portion of the Maple Leaf which runs from Marshalltown, Ia., to Kansas City, and the Milwaukee and St. Paul will take the St. Paul end of the line.  
There is another view of the case, however, which is that the Union Pacific will keep the Maple Leaf and operate it as the Eastern end of its own system. It will, it is declared, give the Union Pacific a very good outlet from Omaha to Chicago and the short line from Omaha to St. Paul.

**RECEIVER APPOINTED.**  
Montana Co-Operative Ranch Company in Difficulties.  
Great Falls, Mont., Nov. 26.—J. W. Speer has been appointed receiver for the Montana Co-Operative Ranch company on the application of Sam H. Wood, the company's former president. It is alleged that the assets are \$65,000 and the liabilities \$20,000. Wood says that the company owned 23,000 sheep a year ago, but lost 14,000 through severe weather and 5,000 were driven away. About 6,000 sheep remain on the ranch near Shelby Junction.  
A few days ago a fraud order was issued against the company's mail, which was barred. It was stated by the government's inspector that the company had solicited investments in the East, particularly in Pennsylvania, Massachusetts and promising large returns on small amounts of capital. It is alleged that more than \$100,000 has been secured by the company in this way during the last year.

**FORBID PLAYING FOOTBALL.**  
Man Whose Son Was Killed in Game Urges Legislation.  
Chicago, Nov. 26.—State legislation forbidding the playing of football in Illinois, Indiana, Michigan and Wisconsin is being urged by James E. Rowley of this city, whose son, James F. Rowley, Jr., died from injuries received in a game on Nov. 5.  
Parents of some who have been killed in the season just closed have been asked to co-operate with him. Through the enactment of a similar law in the four states at the same time, Mr. Rowley hopes to secure the aid of all educational institutions, neither state nor private, in the abolition of the sport in neighboring institutions.  
Mr. Rowley has consulted members of the state legislature and has been promised that a bill prohibiting the playing of football will be one of the first introduced at the next session of the legislature, which meets at Springfield, Jan. 4, 1905.

## DIED VERY SUDDENLY

John Anderson, Employed at N. P. Shops,  
Passed Away Very Suddenly at His  
Home of Heart Failure.

John Anderson, employed at the N. P.  
shops in this city, died very suddenly  
yesterday about noon at his home, 411  
South Ninth street, his death being due,  
it is thought, to heart trouble.

He had been working in the shops up  
to Thursday. On this day, it being  
Thanksgiving, the shops were not run-  
ning and he took advantage of the holi-  
day to go to the N. P. Sanitarium for  
medical treatment, as he had not been  
feeling well for some time past. He was  
given some medicine and went home.  
He did not feel very well yesterday  
morning and again went to the hospital.  
He took another treatment and went  
home and without his clothes off laid  
down on his bed to take a rest. About  
noon he started to get up but felt a pain  
in his breast and started back toward  
the bed. As he did so he dropped dead.  
The deceased leaves a wife and three  
children who are heartbroken over the  
sudden turn of affairs.

Deputy Coroner Dean was called to  
the Anderson home yesterday between  
12 and 1 o'clock but it was not thought  
necessary to hold an inquest as the  
cause of death was plainly heart dis-  
ease.

The funeral will be held Sunday af-  
ternoon at 2 o'clock from the house and  
will be under the auspices of Brainerd  
Lodge No. 47, A. O. U. W., of which or-  
der he was a member.

D. M. Clark & Co. have a full line of  
pictures and picture frames.

H. P. Dunn & Co. have a large  
display in their window of new  
and up-to-date hand bags. 144tf

Not a Sick Day Since.

"I was taken severely sick with kidney  
trouble. I tried all sorts of medi-  
cines none of which relieved me. One  
day I saw an ad of your Electric Bitters  
and determined to try that. After taking  
a few doses I felt relieved, and soon  
thereafter was entirely cured and have  
not seen a sick day since. Neighbors of  
mine have been cured of rheumatism,  
neuralgia, liver and kidney troubles and  
general debility." This is what B. P.  
Bass, of Fremont, N. C., writes. Only  
50c at H. P. Dunn & Co., druggists.

Wrestling Match Tonight.

The wrestling match tonight between  
Frank Coleman and Oscar Moxie at  
Gardner hall should be attended by a  
good crowd as it is said the match will  
be a very clever one. Mr. Coleman has  
worked up against some of the best  
wrestlers in the country out of his class,  
even Jenkins, Groth and others and  
has made a good showing. He has added  
to his triumphs a large list of victo-  
ries and it is claimed that he is today  
the middle weight champion wrestler of  
the world. All know what strength and  
endurance Moxie has and there should be  
an interest in the affair. They will go  
in for two out of three falls Greco-Ro-  
man. The tickets are 50 cents each.

A Runaway Bicycle.

Terminated with an ugly cut on the  
leg of J. B. Orner, Franklin Grove, Ill.  
It developed a stubborn ulcer unyield-  
ing to doctors and remedies for four  
years. The Bucklen's Arnica Salve  
cured. It's just as good for burns,  
scalds, skin eruptions and piles. 25c, at

## GREAT WESTERN SOLD

PERSISTENT REPORT THAT THE

UNION PACIFIC HAS BOUGHT  
THE MAPLE LEAF.

WILL LOSE ITS IDENTITY

LINE TO BE DISTRIBUTED PIECE-

MEAL AMONG VARIOUS EAST-  
ERN CONNECTIONS.

Chicago, Nov. 26.—The Post says:

The report that the Union Pacific  
has purchased the Chicago Great West-  
ern road was reiterated during the  
afternoon with such positiveness and  
circumstantial evidence in its favor  
that it received general acceptance.  
The deal, which has been pending for  
some time, was said to have been  
closed and the Chicago Great Western  
will shortly lose its identity as an in-  
dependent road and either be wholly  
absorbed by the Union Pacific itself  
or distributed piecemeal among the  
Eastern connections of that system.

One report has it that the Chicago  
Great Western will be divided between  
the Chicago and Northwestern and the  
Milwaukee and St. Paul systems, both  
of which have for several years been  
close connections of the Union Pacific.  
The Northwestern, it is said, will  
take that portion of the Maple Leaf  
which runs from Marshalltown, Ia., to  
Kansas City, and the Milwaukee and  
St. Paul will take the St. Paul end of  
the line.

There is another view of the case,  
however, which is that the Union Pacific  
will keep the Maple Leaf and oper-  
ate it as the Eastern end of its  
own system. It will, it is declared,  
give the Union Pacific a very good  
outlet from Omaha to Chicago and the  
short line from Omaha to St. Paul.

RECEIVER APPOINTED.

Montana Co-Operative Ranch Com-  
pany in Difficulties.

Great Falls, Mont., Nov. 26.—J. W.  
Speer has been appointed receiver for  
the Montana Co-Operative Ranch com-  
pany on the application of Sam H.  
Wood, the company's former presi-  
dent. It is alleged that the assets are  
\$65,000 and the liabilities \$20,000.  
Wood says that the company owned  
33,000 sheep a year ago, but lost 14,  
000 through severe weather and 5,000  
were driven away. About 6,000 sheep  
remain on the ranch near Shelby  
Junction.

A few days ago a fraud order was  
issued against the company's mail,  
which was barred. It was stated by  
the government's inspector that the  
company had solicited investments in  
the East, particularly in Pennsylvania,  
Massachusetts and promising  
large returns on small amounts of  
capital. It is alleged that more than  
\$100,000 has been secured by the  
company in this way during the last  
year.

FORBID PLAYING FOOTBALL.

Man Whose Son Was Killed in Game  
Urges Legislation.

Chicago, Nov. 26.—State legislation  
forbidding the playing of football in  
Illinois, Indiana, Michigan and Wis-  
consin is being urged by James E.  
Rowley of this city, whose son, James  
F. Rowley, Jr., died from injuries re-  
ceived in a game on Nov. 5.

Parents of some who have been  
killed in the season just closed have  
been asked to co-operate with him.  
Through the enactment of a similar law  
in the four states at the same time,  
Mr. Rowley hopes to secure the aid of  
all educational institutions, neither  
state nor private, in the abolition of  
the sport in neighboring institutions.

Mr. Rowley has consulted members  
of the state legislature and has been  
promised that a bill prohibiting the  
playing of football will be one of the  
first introduced at the next session of  
the legislature, which meets at Spring-  
field, Jan. 4, 1905.

SAVES MINERS FROM DEATH.

Presence of Mind of Superintendent  
When Fire Breaks Out.

Milwaukee, Nov. 26.—A special to  
the Sentinel from Baraboo says the  
presence of mind of Assistant Super-  
intendent A. E. Pike of the Illinois  
mine, near North Freedom, Wis., prob-  
ably saved fifty miners from instant  
death.

The room at the bottom of the mine  
in which 1,000 pounds of dynamite  
were stored caught fire from a candle.  
Mr. Pike ran into the burning room,  
grasped two sticks of dynamite which  
had become ignited and smothered  
them in a pail of water. He then ex-  
tinguished the flames.

GOTCH DEFEATS ROGERS.

Iowa Wrestler Easily Wins Bout at  
Buffalo, N. Y.

Buffalo, Nov. 26.—Frank Gotch of  
Humboldt, Ia., the American wrestling  
champion, easily defeated Charles  
("Yankee") Rogers, the New England  
giant. In the first bout at catch-as-  
catch-can Rogers did not succeed in  
getting behind Gotch, the champion  
winning the fall in 13:10. Rogers  
made a poor showing at Graco-Roman  
style, backing to the ropes whenever  
Gotch assumed the aggressive. Rogers  
finally went through the ropes. He was  
stunned by the fall and Gotch was  
declared the winner in 32:00.

WANTED IN MONTANA.

Murder Suspect Placed Under Arrest  
at Albion, Ill.

Butte, Mont., Nov. 26.—John Smith,  
who is accused of murder of Night  
Marshal Stevens of Havre several  
months ago while that officer was at-  
tempting to arrest him on a charge of  
larceny, is believed to be in custody  
at Albion, Ill., and if positively iden-  
tified will be brought back to Mont-  
ana as soon as Sheriff Buckley of  
Choteau county can go to the Illinois  
town. The chief of police of Kalispell  
has viewed the suspect and he says  
he is the man wanted.

Doesn't Respect Old Age.

It's shameful when youth fails to show  
proper respect for old age, but just the  
contrary in the case of Dr. King's New  
Life Pills. They cut off maladies no  
matter how severe and irrespective of  
old age, dyspepsia, jaundice, fever, con-  
stipation all yield to this perfect Pill.

PATROL WAGON OVERTURNS.

Driver and Three Policemen Injured  
in Brooklyn.

New York, Nov. 26.—By the over-  
turning of the patrol wagon carrying  
several police reserves of the Canarsie  
police station, Brooklyn, the driver  
and three of the reserves were seriously  
injured, two perhaps fatally. The  
patrolmen were responding to an  
alarm of fire and while turning a  
sharp corner the wagon almost turned  
a somersault, hurling the occupants to  
the ground.

Disastrous Wrecks.

Carelessness is responsible for many a  
railway wreck and the same causes are  
making human wrecks of sufferers from  
throat and lung troubles. But since the  
advent of Dr. King's New Discovery for  
consumption, coughs and colds, even  
the worst cases can be cured and hope-  
less resignation is no longer necessary.  
Mrs. Louis Cragg of Dorchester, Mass.,

Dr. King's New Discovery. This great

## DIED VERY SUDDENLY

John Anderson, Employed at N. P. Shops,

Passed Away Very Suddenly at His

Home of Heart Failure.

John Anderson, employed at the N. P.

shops in this city, died very suddenly

yesterday about noon at his home, 411

South Ninth street, his death being due,

it is thought, to heart trouble.

He had been working in the shops up

to Thursday. On this day, it being

Thanksgiving, the shops were not run-

ning and he took advantage of the holi-

day to go to the N. P. Sanitarium for

medical treatment, as he had not been

feeling well for some time past. He was

given some medicine and went home.

He did not feel very well yesterday

morning and again went to the hospital.

He took another treatment and went

home and without his clothes off laid

down on his bed to take a rest. About

noon he started to get up but felt a pain

in his breast and started back toward

the bed. As he did so he dropped dead.

The deceased leaves a wife and three

children who are heartbroken over the

sudden turn of affairs.

Deputy Coroner Dean was called to

the Anderson home yesterday between

12 and 1 o'clock but it was not thought

necessary to hold an inquest as the

cause of death was plainly heart dis-

ease.

The funeral will be held Sunday af-

ternoon at 2 o'clock from the house and

will be under the auspices of Brainerd

Lodge No. 47, A. O. U. W., of which or-

der he was a member.

D. M. Clark & Co. have a full line of

pictures and picture frames.

H. P. Dunn & Co., have a large

display in their window of new

and up-to-date hand bags. 144tf

Not a Sick Day Since.

"I was taken severely sick with kid-

ney trouble. I tried all sorts of medi-

cines none of which relieved me. One

day I saw an ad of your Electric Bitters

and determined to try that. After taking

a few doses I felt relieved, and soon

thereafter was entirely cured and have

not seen a sick day since. Neighbors

of mine have been cured of rheumatism,

neuralgia, liver and kidney troubles and

general debility." This is what B. P.

Bass, of Fremont, N. C., writes. Only

Wrestling Match Tonight.

The wrestling match tonight between

Frank Coleman and Oscar Moxie at

Gardner hall should be attended by a

good crowd as it is said the match will

be a very clever one. Mr. Coleman has

worked up against some of the best

wrestlers in the country out of his class,

even Jenkins, Grothe and others and

has made a good showing. He has added

to his triumphs a large list of victo-

ries and it is claimed that he is today

the middle weight champion wrestler of

the world. All know what strength and

endurance Moxie has and there should be

an interest in the affair. They will go

in for two out of three falls Greco-Ro-

man. The tickets are 50 cents each.

A Runaway Bicycle.

Terminated with an ugly cut on the

leg of J. B. Orner, Franklin Grove, Ill.

It developed a stubborn ulcer unyield-

ing to doctors and remedies for four

years. The Bucklen's Arnica Salve

cured. It's just as good for burns,

scalds, skin eruptions and piles. 25c, at

## GREAT WESTERN SOLD

PERSISTENT REPORT THAT THE

UNION PACIFIC HAS BOUGHT

THE MAPLE LEAF.

WILL LOSE ITS IDENTITY

LINE TO BE DISTRIBUTED PIECE-

MEAL AMONG VARIOUS EAST-

ERN CONNECTIONS.

Chicago, Nov. 26.—The Post says:

The report that the Union Pacific

has purchased the Chicago Great West-

ern road was reiterated during the

afternoon with such positiveness and

circumstantial evidence in its favor

that it received general acceptance.

The deal, which has been pending for

some time, was said to have been

closed and the Chicago Great Western

will shortly lose its identity as an in-

dependent road and either be wholly

absorbed by the Union Pacific itself

or distributed piecemeal among the

Eastern connections of that system.

One report has it that the Chicago

Great Western will be divided between

the Chicago and Northwestern and the

Milwaukee and St. Paul systems, both

of which have for several years been

close connections of the Union Pacifi-

c. The Northwestern, it is said, will

take that portion of the Maple Leaf

which runs from Marshalltown, Ia., to

Kansas City, and the Milwaukee and

St. Paul will take the St. Paul end of

the line.

There is another view of the case,

however, which is that the Union Pac-

ific will keep the Maple Leaf and

operate it as the Eastern end of its

own system. It will, it is declared,

give the Union Pacific a very good

outlet from Omaha to Chicago and the

short line from Omaha to St. Paul.

RECEIVER APPOINTED.

Montana Co-Operative Ranch Com-

pany in Difficulties.

Great Falls, Mont., Nov. 26.—J. W.

Speer has been appointed receiver for

the Montana Co-Operative Ranch com-

pany on the application of Sam H.

Wood, the company's former presi-

dent. It is alleged that the assets are

\$50,000 and the liabilities \$20,000.

Wood says that the company owned

23,000 sheep a year ago, but lost 14,

000 through severe weather and 5,000

were driven away. About 6,000 sheep

remain on the ranch near Shelby

junction.

A few days ago a fraud order was

issued against the company's mail,

which was barred. It was stated by

the government's inspector that the

company had solicited investments in

the East, particularly in Pennsylvania,

Massachusetts and promising

large returns on small amounts of

capital. It is alleged that more than

\$100,000 has been secured by the

company in this way during the last

year.

FORBID PLAYING FOOTBALL.

Man Whose Son Was Killed in Game

Urges Legislation.

Chicago, Nov. 26.—State legislation

forbidding the playing of football in

Illinois, Indiana, Michigan and Wis-

consin is being urged by James E.

Rowley of this city, whose son, James

E. Rowley, Jr., died from injuries re-

ceived in a game on Nov. 5.

Parents of some who have been

killed in the season just closed have

been asked to co-operate with him.

Through the enactment of a similar law

in the four states at the same time,

Mr. Rowley hopes to secure the aid of

all educational institutions, neither

state profiting from the abolition of

the sport in neighboring institutions.

Mr. Rowley has consulted members

of the state legislature and has been

promised that a bill prohibiting the
